Dear Kim,

Thank you for meeting with us. Please see the attached information.

As stated in the letter, Leadership for Seattle Park and Recreation's (SPR) Green Lake Community Center (GLCC) have identified pathways for the Green Lake Table Tennis Club (GLTTC) to secure additional access to the GLCC facility for the purposes of table tennis both within and outside of our published public hours. You have declined these offers. Should you be interested in revisiting any of the formal partnership options we have offered, your point of contact will continue to be Barb Wade (barb.wade@seattle.gov). We truly appreciate your passion and advocacy and welcome all table tennis enthusiasts to access the great facilities we have citywide.

Sincerely,

Daisy Catague
